1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ken D'Alessandro on February 15, 2008.

The application has been amended as follows:

32. (Currently Amended) The additive package of claim 20 further comprising a dispersant comprising one or more components selected from the group consisting of wetting agents, amine oxides, bio-polymer surfactants, amine othoxilates and dinonylphenol ethoxylates.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest the claimed invert fuel emulsion and additive package.
